

## Security Bulletin for Xona Clientless Secure Gateway (CSG)

Bulletin ID	Date Published	Severity
XONA19-14	April 30, 2019	Quality

### Summary

Restoration of default firewall configuration executes instantly and without confirmation upon selecting the option "Firewall". The naming convention does not make it clear that this option is the choice to immediately Restore Default Firewall settings and can be confused with a top-level menu for more firewall options.

### Affected Products

Product	Version	Hardware
<b>Xona Clientless Secure Gateway</b>	3.2 and earlier	ML-350

### Solution

A security update for this issue is available in the 3.2.3 release update file. To receive this update, login to your support portal account on the [xonasystems.com](http://xonasystems.com) website or contact us for assistance by email: [support@xonasystems.com](mailto:support@xonasystems.com).
